## *President's Report*

By the time this is printed and publicised the Club Titles of the LKC will have been run and won.

Over 140 competitors entered and run over a huge 13 classes with many competitors choosing multiple opportunities at Tassie's premier kart track.

The event was marred by a bad accident in Junior National as one mid field competitor spun as they approached the green light. This caused a concertina effect with at least 5 karts damaged and minor injuries received. The worst being Young Troy Stone who suffered a possible broken ankle. As bad as it may be if the extent of the injuries are confined to Troy's ankle and I certainly hope he is ok, then I believe we were very lucky.

Any Motorsport can be dangerous, so can Basketball, Karting, taken seriously, is as safe as any other form of sport. I know two boys who have had more injuries from Hockey than they have in Karting.

As serious as the accident was, I saw our own Marcus Johnson take some time out doing some "RAP" dancing on the track while still sitting in his upside down kart. Like I said, it could have been a lot worse.

Our club always seems to be the one that leads by trying different things to not only promote the club but also the sport. Sometimes we fall short of our expectations or the level of success we are accustomed to but generally our ideas blossom and generate interest in future events at other clubs and tracks.

With this in mind, two of our forthcoming events will be ones to watch in 2005. The AJL Mechanical Big Legends Feature which will run under the ARC Evolution format and in September, the big one, the MASPORT CUP where \$5000.00 in prize money will be up for grabs, yep five big ones. Stay tuned.

**Keep the white line in the middle as winter approaches.**

### LICENCE RENEWALS

A Reminder that all licence renewals need to be sent to the club treasurer through PO Box 780 Burnie to be endorsed as a financial member **prior** to sending to AKA. All money orders or cheques to be made out to AKA Tas.

The club is happy to forward the completed form to AKA on your behalf.

Please ensure the **medical declaration in the back** is filled out and everything signed where required including the **Indemnity form** which stays current for 12 months saving you from filling one out with every entry as done in the past.
